

SPECIFICHE TECNICHE ALIMENTATORE AUTO EV – MOD.EVSE

Technical Specifications

Dimension	Control Box:170(L)*84(M)*42mm(H) Device cable: 6M or customized(L)
Install	Portable, plug and play
Power Supply	AC power supply socket
Voltage(choose one only)	AC220V/120V/208V/240V
Current	6A Min - 16A Max
Frequency	50Hz Or 60Hz
Safety Protection	Leakage current; under and over voltage, frequency, current; high temperature; grounding protection and lightning protection
Enclosure	IP55
Operating Temperature	-30°C~+50°C
Storage Temperatu	-40°C~+8
MTBF	100,000 hours
Standers(choose one only)	GB/T20234.2-2015, GB/T18487.1-2015 Or EVSE J1772 Or IEC61851-1 2010 Control Principle
